INTRODUCTION

The Polish Dance Sport Union (PZTSport) invites dancers to participate in the 25th IDF World Dance Championships of Modern Dance Sport-Częstochowa 2027.

We were the first to organize the 2025 IDF World Championships in a new format, co-creating standards that became the foundation for the organization's further development.

Today, we can proudly say that we have been a part of IDF history - not only observing the changes taking place in global dance, but also actively participating in their creation.

We are extremely fortunate to once again be organizing the 25th IDF World Dance Championships of Modern Dance Sport in 2027.

We will create a wonderful atmosphere of competition and integration for dancers from various regions of the world.

SPORTS HALL

Częstochowa Sports Hall
ul. Żużlowa 4, 42-202 Częstochowa

<https://shortlink.win/1yiCA>

The Częstochowa Sports Hall was opened in September 2012. Its multi-functional design allows for the staging of sports events, stage performances, trade fairs, and seminars.

The arena can accommodate over 7,000 fans in the permanent stands and approximately 2,000 people on the main arena floor. The applied technical and technological solutions make the facility spacious, comfortable, accessible for people with disabilities, and, above all, safe (CCTV, Voice Alarm System, Fire Alarm System, sprinkler installation, and access control system).

Its convenient location near the DK1 national road ensures easy access.
